The 5th annual Sherwood Wine Festival celebrates Willamette Valley wines + Oregon-made artisan foods. The event takes place in historic downtown Sherwood – the gateway to Oregon’s wine country. It’s a family-friendly event with live music, artisan booths and other special entertainment and attractions.

The Sherwood Wine Festival is well attended by both local residents and also foodies + fun-loving folks from surrounding communities, including Portland. Over the course of two days, we expect upwards of 6000 people!

The event takes place in a large outdoors event area with tents and a stage for live performances. We also transform the Sherwood Arts Center into an artisan marketplace packed with local food + drinks where attendees can “meet the makers.”

The Sherwood Wine Festival is a special project of the Sherwood Wine Foundation, which supports education and entrepreneurship in our community by celebrating and raising awareness of the wineries and vintners of the Willamette Valley. The Sherwood Wine Foundation will award scholarship(s) to recognize and encourage academic excellence and entrepreneurship in our community.

The Sherwood Wine Festival is planned with the expertise of an accomplished and experienced group of people + networks that comprise our Advisory Committee.
